## **Naugatuck Savings Bank Generously Donates Computers & Flat Screen Monitors to Family Services of Greater Waterbury**

**WATERBURY, CT** - In anticipation of the re-opening of Chapman House, Naugatuck Savings Bank generously donated computers and flat screen monitors to Family Services of Greater Waterbury. These computers will be used by boys ages 10-14 who are on the Autism Spectrum and receiving their education in their classrooms at Chapman House School. Educators and psychologists have demonstrated that children on the Autism Spectrum respond positively to technology. Nutmeg Financial MHC assisted by preparing the donated computers for use in the school.
